

Case Study:

BHP Dysart Conference at Tamborine Mountain Glades (formally Cedar Creek Lodges)

Overview: BHP Dysart, a leading mining company, sought a venue for their annual conference that could offer a blend of professional facilities and a serene environment. They chose Tamborine Mountain Glades, known for its exceptional conference services and picturesque setting in the heart of Tamborine Mountain, Queensland.

Objectives:

- To host a seamless, productive conference for 32 participants.
- To provide a setting conducive to both work and relaxation.
- To offer team-building activities that foster collaboration and creativity.

Challenges:

- Finding a venue that could accommodate a large group with diverse needs including dietaries.
- Ensuring reliable technology and conference amenities.
- Coordinating logistics for participants traveling from various locations.

Solution: Cedar Creek Lodges provided:

- Spacious conference rooms equipped with AV technology.
- Comfortable accommodations with a range of options for different preferences.
- A dedicated event planning team to manage logistics and details.
- On-site catering with customisable menu options.
- Unique team-building activities such as high ropes courses, laser skirmish, bushwalking, and adventure games.

Results:

- The conference ran smoothly, with no technical issues, thanks to the reliable AV setup.
- Participants praised the comfortable accommodations and beautiful natural surroundings.
- The chosen team-building activity received high marks for enhancing teamwork and morale.
- The event planning team's coordination ensured a seamless experience, from arrival to departure.

Testimonial: *"Hosting our annual conference at Tamborine Mountain Glades was an outstanding experience. The venue's facilities were top-notch, and the natural setting provided a perfect balance between work and relaxation. The event planning team took care of every detail, allowing us to focus on our conference objectives. Our team particularly enjoyed the team-building activity, which was both fun and effective in fostering collaboration. We received positive feedback from all participants, and we look forward to returning in the future."*
